EAP is Prepaid and Easy to Use

EAP and Work/Life services have been prepaid by your employer and are free to you. ACI or the Human Resources department can explain the specific benefit your company has selected.

Should help be needed beyond the EAP, you may be referred to community and other resources. Health insurance may cover some of these costs. The EAP provider will work with you to make sure the referral is affordable and meets your needs.

Simply call ACI EAP at (800) 932-0034 to speak with a professional service provider face-to-face, by phone, email, or even text! You will be asked to briefly describe your concerns so that you and the provider can develop a plan that works best for you. This plan may include assessment, brief sessions, and/or referral to other helpful resources. All contact with the EAP is strictly confidential.

“Because of the EAP, I was able to get through the workday without feeling so hopeless. The financial professional gave me great advice to get back on my feet and work toward a better life.”
